"This experience has given me the encouragement I needed to go on and lead a full life. To help others with their grief. To do the things I enjoy without feeling guilt. I certainly am grateful for the experience"

- Dorie, Group Member

TAPS is a tragedy assistance resource for anyone who has suffered the loss of a military loved one, regardless of the relationship to the deceased or the circumstances of the death. Founded in 1994, TAPS has established itself as the front line resource to the families and loved ones of our military men and women by providing comfort and care through comprehensive services and programs. TAPS is now partnering with Cornerstone of Hope for a continuous support group after hosting a Survivor Seminar and Good Grief Camp in October 2013.

We invite you to join us as we provide support, care and hope with resources, personal contact, fellow survivors in a spirit of friendship and understanding. You do not have to attend every month, just attend when you are available or feel that you need the support. Light refreshments will be provided and there is no cost to you.
