

# BEREAVEMENT FACILITATOR TRAINING

## FOR PROFESSIONALS INTERESTED IN HELPING THE BEREAVED

The bereaved often find themselves lost and empty. Some are fortunate enough to find someone to companion them on their grief journey and help them navigate along the way.

Bereavement Group Facilitator Training is open to any professional interested in learning more about grief and loss, and how to help others. This course is designed to be educational and interactive, with opportunities to explore personal loss histories, and is facilitated by licensed professionals. Group dynamics will be learned through sharing & interacting with other group members.

Trainings are conveniently held at Cornerstone of Hope. Cost is \$75 and includes program materials along with refreshments and 3 CEU hours for Nurses, Social Workers and Counselors. The initial training is mandatory, however the additional trauma training is for those who are interested in running a specialized group such as Loss to Murder, Suicide or Accidental Overdose. The additional training is \$75 and also includes materials, refreshments and 3 CEU hours for Nurses, Social Workers and Counselors.

Initial Training: Saturday, January 7, 2017 from 9:00am - 12:00pm  
Additional Trauma Training: Saturday, January 7, 2017 from 1:00pm - 4:00pm  
Sign up for both trainings for \$125 (save \$25).
