When parents are dealing with the death of a child, their grief can be complicated. With this in mind, Cornerstone of Hope has a group specifically for those who have experienced this monumental loss. General grief issues will be addressed, but we will also discuss the specific needs that arise after a death of an infant, whether through miscarriage, neo-natal, still birth or other infant loss (ages 2 and under). We invite you to attend and talk with others who understand the depth of your grief.

Open to all, regardless of ethnic, cultural & faith backgrounds. Led by professionally trained and experienced facilitators. Session is eight weeks in length and each meeting is 2 hours. Provided at no charge to you, and includes a light breakfast and free baby sitting is included if needed.

*"My experience was very positive. I now know how to cope with my loss. I feel like I can move on with my life. Cornerstone was a ray of hope. I would recommend Cornerstone to anyone suffering a loss."*

*- Karen, Group Member*
